BATHROOM SOLUTION

ACUATEC®

COMPANY

INTRODUCTION

Chanpaiboon Trading (1972) Company Limited, founded by Chanchai Chanchanapaibun in 1972, has evolved into a prominent player in Thailand's sanitary ware industry. With a focus on international standard products, it serves as an official importer for renowned brands and manufactures popular ones like Rasland and Ben.

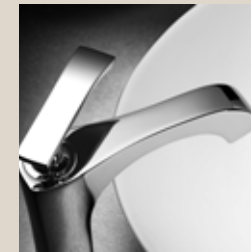

Presently, we operate through a network of over 200 agents nationwide and are extending our presence across Southeast Asia.

Our company is committed to consistently importing high quality products, addressing consumer needs, and pioneering design and technology innovations for both residential and project-based ventures.

ACHIEVEMENT

Continuously delving into consumer behaviors and user needs, we harness technology to deliver not just solutions, but an experience of enjoyment, relaxation, and comfort. Our unwavering objective is to consistently provide optimal solutions, ensuring that we meet and exceed user expectations.

SMOOTH OPERATION

High class cartridges to ensure a smooth comfortable and long lasting operation.

PREMIUM CHROME FINISH

We offer an exceptional thickness to guarantee a hard, smooth and shiny surface. Our chrome finishing provides an outstanding performance on anti-corrosion.

THERMOSTATIC TECHNOLOGY

Our thermostatic products safeguard your family with an anti-scalding function and a safety lock adjustable at 38 degrees C, optional up to 49 degrees C. Providing a safe, comfortable and relaxing showering experience.

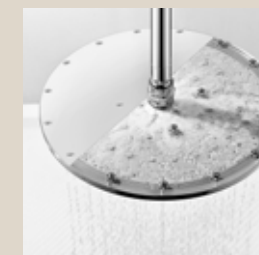

DIVERSITY OF COLOR OPTIONS

Kinen offers a wide range of color options and secures stability and long availability.

OUTSTANDING DESIGN

Truly inspirational designs and instinctively innovative product ranges. Kinen products are smooth and faddish.

AIR-INJECTION

Air-injection technology, apart from bringing the benefit of reducing water consumption, provides you comfortable shower experience.

CRAFTSMANSHIP MANUFACTURING SKILLS

Kinen always strives for exquisite detailing. Our exceptional craftsmanship and manufacturing skills provide additional value and comfort for your life.

HIGHEST QUALITY MATERIAL

By using the highest quality standard brass, Kinen products excel on anti-corrosion, abrasion performance, and are ever-lasting after many years.

WATER-SAVING

The air injected into water generates soothing flow. Apart from offering a comfortable experience we participate to carefully use this precious resource and to protect our planet.

COLD-START TECHNOLOGY

The mixer supplies only cold water when opening at the middle and supplies hot water when turning clock-wise. This helps to decrease energy effectively and contributes to reduce the carbon footprint.

BEYOND DESIGN

PRODUCT FINISH

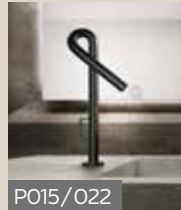

Apart from the design, whether a faucet can remain its shine as time goes by, is the key for a good product. We are proud of our wide range of creative finishes, for their long-lasting lustre.

CAPRI

Inspired by the river bends, the Loop is a faucet that looks like a bubbling brook.
The artistic and precise hand made faucet turns water to a back to nature experience
All that left is the natural, relaxing sound of water.
